Collie Rescue, Inc. takes in animals from (public/other Virginia releasing agencies/out-of-state agencies). Collie Rescue, Inc. is committed to saving the lives of homeless animals, with a focus on utilizing our resources to maximize the life-saving of companion animals to the greatest extent possible.

Collie Rescue, Inc. primarily rescues collies. We occasionally take in high collie mixes or other breeds when we can.

Our mission is to place stray, abandoned and surrendered collies into loving and permanent homes, educate the public about the collie breed, and promote responsible pet care. Our goal is to provide a safe and healthy haven for all dogs placed in our care until loving, adoptive homes can be found.

Collies who find their way into our rescue are first examined by a veterinarian, vaccinated, heartworm tested, microchipped, and spay/neutered. All dogs are given the veterinary care needed to get to a healthy state. They are placed in foster homes where they are evaluated in order to find the best home for them. We provide ongoing medical care if needed, food, heartworm medication and parasite prevention until they can be placed. Our foster homes provide lots of love and training!

Collie Rescue, Inc. does not have any age or medical restrictions on the animals we will accept.
