LRGR Animal Intake Policy

Lab Rescue of Greater Richmond (LRGR) rescues Labrador Retrievers and Lab mixes in shelters throughout Virginia, North Carolina, South Carolina, Georgia, Tennessee and West Virginia. We also have an owner surrender program to help owners who wish to surrender their Labrador Retrievers.

All animals are evaluated for adoptability before being accepted into our program. Dogs that pass evaluation are placed in foster homes where they receive medical care and remain until their adoptive home is found.

LRGR has the ability to financially afford all medical care including but not limited to: spay/neuters, heartworm treatment, broken bones and surgeries.

We do not take any dogs that display aggression towards humans or other animals.

Dewayne Wilson
LRGR Board Member
