Animal Intake Policy Statement

A Forever Home Rescue Foundation (AFH) accepts dogs from Virginia Releasing Agencies, out-of-state Releasing Agencies, and private owner surrender. Animals are accepted based on a variety of criteria including the availability of appropriate foster homes, availability of resources to ensure proper medical care can be provided, and others. AFH works to save the lives of as many homeless dogs as possible but works diligently to ensure that we do not accept more animals than our limited resources allow us to care for adequately.
