Admissions Policy

ARC is a limited admissions rescue organization. We are a small foster based organization that accepts felines as fosters/spaces are available. . It is our policy to always accept, back into foster care, any feline that was adopted out by us and needs to be returned/surrendered. Our focus is to rehabilitate felines that have been abandoned and living in feral communities and pull from shelters when space is available. ARC accepts owner surrenders if space is available and only if the feline is not a health risks to other felines.

A small group with a big mission.
