Animal Intake Policy

Rakki-Inu Akita Rescue (RIAR) specifically rescues dogs that are Akita and Akita mixes. RIAR does not discriminate based on age or health of the animal, however we will not take dogs who have been evaluated as aggressive towards people. RIAR has all dogs evaluated by an Akita experienced volunteer prior to being taken into rescue, and are only placed in foster homes that are inspected and Akita experienced. RIAR will take in pregnant mothers, mothers with nursing litters, puppies, adult dogs, and seniors. If coming from a private owner, not a shelter or other rescue, we obtain an owner release form, giving RIAR full legal custody of the animal. From another rescue, we will complete an animal transfer form.

All of our fosters are microchipped, dewormed, vaccinated, and spayed/neutered upon entering rescue. They are kept on a good quality food, have regular veterinary care, are automatically tested for hypothyroidism (if 18 month or older, or are exhibiting symptoms if younger), and are kept on flea/heartworm prevention year-round.

Attached, please find copies of our Owner Release Form and our Animal Custody Record, which are filled out at time of intake and updated as necessary.

If you have any further questions or concerns, please feel free to contact us.

Sincerely,

Kira Brown
President
Rakki-Inu Akita Rescue, INC

For RIAR

When surrendering an Akita to rescue, the more information and supplies provided for them, the more this helps our rescue and the easier it is for us to find them their forever homes. If we cannot get the records on a dog that is up to date on vaccines, we will have to re-vaccinate which will use our limited funds that could have been used to rescue another Akita in need.

If possible, please provide us with the items listed below.
Place a check in the box next to each item that you have included.

Medical records

If vaccine and health records cannot be provided, we will need authorization to be given to the vet clinic so that the records may be released to us. This is generally a simple phone call that will last less than 5 minutes. Please release the records to Rakki-Inu Akita Rescue.
