

CAT COVE, INC. INTAKE POLICY

Cat Cove, Inc. (CCI) provides a foster home and rescue resource to improve the lives of community cats.

CCI's will intake on space available basis felines from rescues, shelters, property owners who report strays, and pet owners who wish to surrender their felines.

Intakes from those shelter, residents, and businesses are evaluated on a case-by-case basis.

CCI is primarily a foster to adopt rescue but works with pet owners to enable them to keep their pets by providing needed information and temporary fostering. Pet owner surrenders are prioritized based on condition of the pet, CCI foster space and resources.

CCI has formal and informal alliances with like-missioned rescues. Custody transfers between these rescues are defined on a case-by-case basis. Referrals from these rescues are prioritized based on urgency.

Custody transfers from rescues must follow current CCI transfer protocols documenting health status and adoptability.
