

Forescue, Inc Animal Intake Policy for Cat Rescue 9324 Troy Dr Nokesville Va 20181

Opened operations March 18, 2024

EIN 99-2188697

Intake Process

1. Trapping or Rescuing Homeless Cats

- Homeless cats are trapped or rescued primarily in Prince William County area.

2. Microchip Scanning

- Each cat is scanned for a microchip to identify potential owners and reported to chip agency to make contact with registered contact.

3. Reporting

- A found report is filed with Prince William County Animal Services.
- The rescued cat is reported to PawBoost as a found cat.
- Posts are made in local Facebook groups to locate possible owners.

4. Scheduling Veterinary Services

- The intake cat is scheduled for vet services at Battlefield Animal Clinic in Manassas, VA.

5. Veterinary Services

- The cat receives the following treatments and services:
 - Spay or neuter surgery
 - Vaccinations
 - Testing for FIV (Feline Immunodeficiency Virus) and FELV (Feline Leukemia Virus)
 - Deworming
 - Flea treatment

6. Adoption Listing

- Once treated, the cat is listed for adoption through the Shelterluv platform. This platform automatically syndicates listings to websites including:
 - Petfinder.com
 - AdoptaPet.com
 - Forescue.org

7. Adoption Process

- Adoption applications and agreements are processed through Shelterluv.
