

## Marlees Misfits

### **Intake Policy**

Marlees Misfits is a Virginia-based cat rescue focusing on senior cats (aged 8+), special needs cats, and other cats deemed “less adoptable” due to medical or behavioral needs. Upon intake, cats must be at least 6 months old, and there is no upper age limit.

Most of our cats come from overcrowded public shelters and rural animal rescues. Owner surrenders are considered on a case by case basis if the cat is a senior or older adult, up to date on vaccinations, spayed/neutered, and tested for FIV/FelV.

Cats are cared for in foster until they are adopted. Each cat receives medical and behavioral assessments that help ensure they are adopted into “best fit” homes.
